Chairperson explained the process followed for the design and development of various program schemes to the members of the Board. The complete participation of all stakeholders was ensured.

The program coordinators under the mentorship of a Professor Incharge from USMS held discussions about the scheme. This was done in the light of the feedback received from stakeholders including Teachers, students, alumni and employers as well as the

requirements of NEP 2020. Based on this after thorough discussions two times with the senior faculty, a framework was developed to keep uniformity across similar kind of programs. The entire scheme was designed with Outcome Based Education (OBE) approach and the Program Outcomes and Program Specific Outcomes were revisited and improved and the scheme of programmes was designed. These were shared with all affiliated colleges and suggestions were invited. Based on this, the scheme of all programs was finalised.

However in view of non-availability of complete clarity on 3 years and 4 years UG program as well as 2 year PG program, the scheme and detailed course content was developed only for 3 years UG and 2 years PG programmes. The provision of skill based, entrepreneurship oriented, and CBCS courses were considered. The scheme also included compulsory courses as per the decision of the Academic Council for UG and PG programmes such as: Entrepreneurial Mindset, Environmental Studies and NCC/NSO etc.

The course contents were then developed by the Program Coordinators for the Ist and IInd Semesters only with the help of various faculty members. Course outcomes were defined with proper mapping on the POs and PSOs.

The complete scheme and syllabus of all programs were again circulated to colleges conducting the programmes through the nominated faculty of colleges as well as senior faculty of USMS. On the basis of the feedback received by due date,, the draft scheme and syllabus have been finalised.

The scheme and syllabus for all programmes were presented to the members.

Dr Malti requested to send some more suggestions in the contents of certain subjects for consideration in the syllabus.

The members approved the scheme for the entire program and syllabus for Ist and IInd semesters for MBA, MBA (Financial Analysis), MBA (International Business), MBA (Financial Management), BBA, BBA (Banking and Insurance), BBA (CAM), and B.Com. (H).

The chairperson assured members to send the final formatted copy of the scheme and syllabus for information to all the members.

Item-3: Approval of the Scheme and Syllabus of the Ph.D. Course work for Academic Session 2021-22.

The chairperson briefed the members that the scheme of Ph.D. course work was prepared and discussed in the SRC meeting held on 8th October 2021. The SRC members approved the proposed scheme as well as the detailed syllabus for the subjects.

The modified scheme was placed for approval by the members for implementation we.f academic session 2021-22.

The members approved the Ph.D. course work scheme and syllabus we.f academic session 2021-22.

Item-4: Approval of the panel of examiners for the programmes being offered by USMS and/or affiliated colleges.

The panel of examiners for the programmes being offered by USMS and/or affiliated colleges have been prepared and constantly reviewed by respective school level committees. However the process of identifying the examiners and the requirements of preparing MCQ based question papers require more paper setters to be included.

The members authorised the Dean and empowered him to approve the panel on behalf of the BOS as well as adding more names to meet the exigencies in case additional examiners are required, by the Examination branch.

Item-5: Any Other Matter

a) Approval of the Co-Supervisors in respect of Ph.D. Scholars under Prof Sanjiv Mittal.

The members were apprised about the need for allocating Joint Supervisor in respect of three Scholars, on account of Prof. Sanjiv Mittal proceeding on long leave. This has been done as per the Ph.D. Ordinance and approved by SRC.
